Dear Parent:

We provide regular updates to you about your student's academic progress by sending home a student report card. Once a year we also provide you with updates on our school's achievements through the North Carolina School Report Card. The North Carolina School Report Card includes important information about our school's student performance, class sizes, attendance, school safety, instructional resources and teacher quality. There is information about how our school measured against federal Annual Measurable Objectives (AMOs).

Each school receives a letter grade to describe academic performance. These school letter grades are comprised of student performance (80 percent) and academic growth (20 percent). I have enclosed a summary of our School Report Card called the Report Card Snapshot. Our school's full Report Card can be found on the NC School Report Card website at <http://www.ncpublicschools.org/src/>. Report data is available for our school district and for the state's education system as a whole. School Report Cards are provided for regular public schools, charter schools, and alternative schools that were open during the 2016-17 school year.

The letter grades only tell part of the story. At our school we are proud of the work our students are doing. We are committed to providing parents and the community with important information about our school. Well-informed and engaged parents enhance the learning of their children and contribute to a positive learning environment. In addition, the federal Elementary and Secondary Education Act (ESEA) requires schools to issue School Report Cards.

At North Canton Elementary School your support is very important to our success. Please review our School Report Card carefully and feel free to contact us directly to discuss any questions about the School Report Card. We also welcome your feedback regarding other school matters.

Thank you for supporting our efforts to provide your child with a high-quality education.

Sincerely,
Jill Mann

EOG Reading	68	C
EOG Math	73	B

Formula for determining the School Performance Grade:

- 80 percent of the School Performance Grade is based on the school achievement score. The school achievement score is calculated using a composite method based on the points earned by a school on all of the tests measured for that school
- 20 percent of the School Performance Grade is based on academic growth
- If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade

A+NG Schools: A+NG schools earned a score of 85-100 and do not have significant achievement or graduation gaps.

What does this achievement level number mean?

Students scoring at Levels 1 and 2 will likely need additional help next year to succeed in that subject area. Students scoring at Level 3 are considered proficient for that grade level or course, but may still need some targeted help in the next grade or course. Students scoring at Levels 4 and 5 are ready for the next grade or course, and are also on a path to be prepared for college or a career by the time they graduate.

The reading and math End-of-Grade tests are administered in grades . The science End-of-Grade tests are administered in grades and only.

Summer Program for School Report Cards

This school's report card (School Performance Grades and EOG/EOC results) include test scores from a summer program administered after the conclusion of the school year.

Annual Participation Requirements: Schools are required to test at least 95 percent of their students on assessments administered for accountability. This requirement is for the all students group and for each student group. The minimum number of students needed in a group is 30.

Our school met 11 out of 11 targets.

For more information on participation requirements please go to www.ncpublicschools.org/accountability/reporting.

READ TO ACHIEVE

The Read to Achieve program is a part of the Excellent Public Schools Act which became law in July of 2012 and applies to all schools at the beginning of the 2013-2014 school year. The goal of the State is to ensure that every student reads at or above grade level by the end of third grade. Students who are proficient on the 3rd-grade EOG or qualify for a "good cause exemption" are promoted to Grade 4. Students who are not proficient may be retained in 3rd grade or placed in 4th grade with extra reading instruction and a Retained Reading label.
